# ITM College

Dear Prospective Student!

As director of the ITM College I invite you to join the unique International Tourism Management (ITM) study programme: specially dedicated to international students who aspire for an international career in the deluxe hotel and tourism industry and prefer beautiful Austria as their learning environment.

ITM is the one and only privately run Hotel and Tourism College in Austria, accredited and approved by the Austrian Ministry of Education. You will receive a diploma certified by the Austrian Government, taught in English, with a choice of European languages which will enable you to be work ready for any location worldwide.

We prefer to work with a selected group of talent, and hence our target student would be someone highly ambitious, industrious and interested in forging a beginning career in the hospitality and service industry.

We believe that studying with us gives our students the incentive and skills to become successful entrepreneurs in the Austrian hospitality industry, which is famous worldwide.

As we offer our 2-year college programme to a limited and selected number of motivated students, we can provide them with an exclusive and individual education within a familiar atmosphere.

I look forward to welcome you, as one of our ITM family!

Mag. Hans Lichtenwagner  
Director of Studies

## Alumni Experiences

### Alexandra Alvarez:

„I grew up in a very touristic place with ancient ruins, plenty of hotels and cool restaurants: Cusco, Peru.

Ever since I can remember I knew, I wanted to work in the tourism field. Years later tourism turned into my passion and I decided to study with the experts. ITM and the excellent lectures gave me the tools to work on my hard and soft skills to offer the best service to clients. I am very pleased to have learned from the best!“

### Hamid Reza Ameri:

„Great things are not done by impulse, but by education combined with new friends and the great atmosphere

of ITM college. In this chapter of my life, I learned a lot, made many friends from around the world and had the best time at ITM College. Now I have the passport to my future, for being successful and happy.“

# Accommodation & campus location

The **College Garden Hotel** \*\*\* on campus provides rooms, which were designed to the students' needs: they are spacious and fully furnished and of course, they have a private bathroom. Bed covers, sheets and towels are provided. Moreover, every room features a private balcony from where you can enjoy the beautiful park surroundings.

You can choose between various board options (breakfast, lunch, dinner) or cater for yourself, there are shared kitchen facilities for the students to cook their own meals.

Why not **study in Austria**, where Tourism has a long-lasting tradition and people have a warm welcome for visitors?

Being well known for beautiful cities, landscapes and cultural highlights, Austria is the perfect place to learn more about the hospitality industry.

With a campus surrounded by nature but also close to our capital Vienna you have many possibilities to enjoy your leisure time in Austria. If you prefer more of a city feeling you can hop on the train and go to Vienna or neighbouring cities for exploring, culture or to dine out.

## Accommodation: (per month)
